12 YEARS OF HANDLING THE MOST VALUABLE CARGO

AVION AERO – a transport logistics and aviation services company founded in 2013.

Our primary activities are domestic and international air cargo transportation, as well as passenger charter flights, including business aviation.

Our experience enables us to handle **air shipments of any type and complexity**, selecting the optimal aircraft for your needs. Our extensive agent network and cooperation with leading airlines in Russia and worldwide guarantee competitive rates and high-quality execution of all services provided.

We are constantly evolving. Since 2016, we have expanded our service portfolio to include multimodal shipping worldwide, using "air + road" configurations, and since 2021 – rail and road transportation from China, and a "rail + road" multimodal configuration. This allows us to offer the right solution tailored to every customer's parameters.

Our mission:

Advancing our clients' success by providing quality service and efficient implemented solutions.

Member of the international forwarder associations WCA INTER GLOBAL and JCTRANS LOGISTICS NETWORK

Our specialists have years of experience handling dangerous, oversized, and other categories of special cargo

MAIN CARGO SHIPPING DIRECTIONS

ABOUT US

AIR FREIGHT

We provide air cargo services both within Russia and on any international routes export/import/between third countries. We maintain favorable tariff rates due to direct contracts with airlines and a developed agent network in Russian cities and abroad.

WORKFLOW

AVAILABLE OPTIONS

CARGO CHARTER FLIGHT

SHIPPING SPECIAL CARGO? (Oversized cargo, Project cargo, Dangerous Goods, etc.)

We will select the suitable aircraft type, the optimal flight route, and organize loading/unloading with necessary equipment. We will arrange all required permits and licenses.

Delivery time: 2-5 days (worldwide)

CARGO PART-CHARTER

Is your cargo not accepted on scheduled flights, but a full charter isn't needed?

Upon agreement, we utilize the flight of the primary charterer, loading your cargo if space is available. This option helps to decrease expenses.

Delivery time: 5-14 days (worldwide)

SCHEDULED FLIGHT

If your cargo is standard and needs urgent delivery, the best method is via scheduled flight (we also ship some classes of dangerous goods on scheduled flights with the necessary documentation).

Delivery time:

China, UAE, Turkey – **2-3 days**
India, South Korea, Latin America – **3-7 days**

ROAD FREIGHT

We handle domestic and international road transportation, offering tailored solutions for various businesses planning to ship cargo as Less than Truckload (LTL) or Full Truckload (FTL).

WORKFLOW

AVAILABLE OPTIONS

LTL SHIPMENT (Less than Truckload)

- Delivery from 1 kg.
- Possibility of cargo consolidation in the country of origin.
- Goods inspection, packaging, marking.

FTL SHIPMENT (Full Truckload) or CONTAINERS

We organize the transportation of large-sized, oversized cargo, or containers.

Popular road freight directions (import/export):

China – Russia (10-20 days)

CIS – Russia (2-7 days)

Turkey – Russia (10-25 days)

NEED DOOR-TO-DOOR DELIVERY?

We will deliver the cargo to your warehouse in any city in Russia using our own resources, including hard-to-reach regions

RAIL FREIGHT FROM CHINA

Our company organizes rail freight transportation from China to Russia with weekly departures from Shanghai, Ningbo, Shenzhen, Qingdao, Tianjin.

All types of cargo are accepted for transportation, including dangerous and oversized goods .

Delivery time: 25-35 days

AVAILABLE OPTIONS

LCL RAIL SHIPMENT (Less than Container Load)

LCL cargo travels as part of a consolidated shipment in one container. Consolidated shipments are dispatched according to a pre-set schedule. The main advantage of LCL shipping is cost efficiency. You only pay for the weight of your cargo, not the entire container.

FCL RAIL SHIPMENT (Full Container Load)

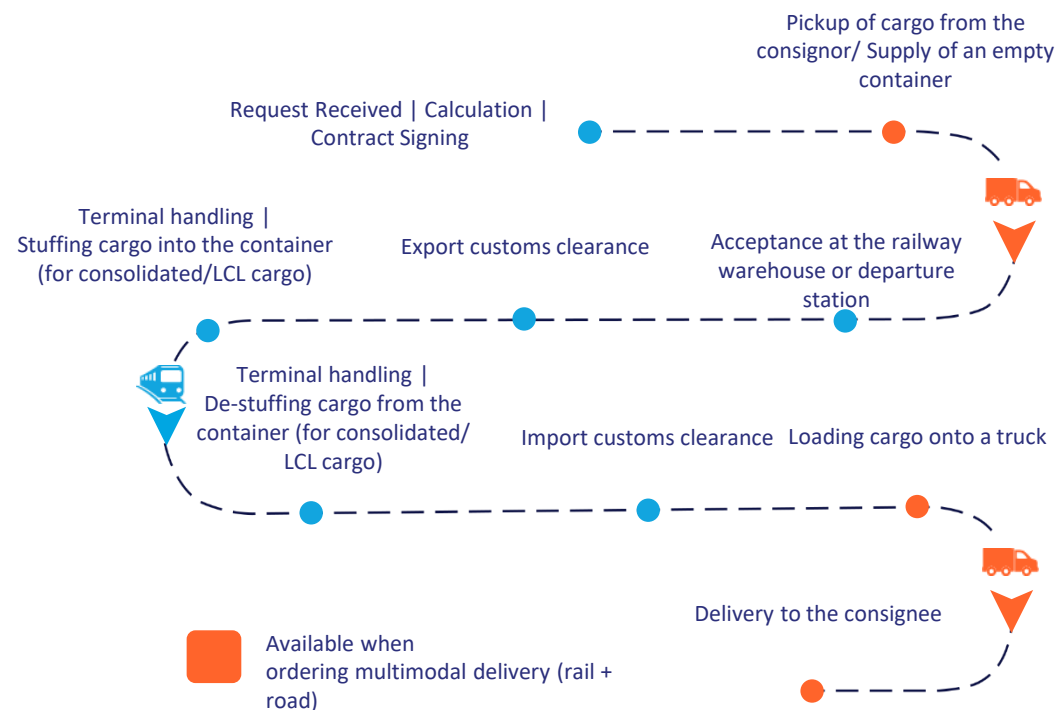

We organize the delivery of any of your cargo with a maximum weight of up to 26 tons.

NEED DOOR-TO-DOOR DELIVERY?

We will offer you multimodal transportation with cargo pickup from the shipper, loading onto all transport types, full 24/7 shipment tracking right to your warehouse or destination.

WORKFLOW

MULTIMODAL TRANSPORTATION

We provide services for organizing multimodal cargo transportation, both domestically within Russia and internationally.

After coordinating all details with the Client, our specialists determine the most optimal and cost-effective shipping scheme for the Client, organize the full range of services required for transportation, ensuring the cargo is delivered within the Client's deadline.

CHARTER FLIGHTS

CARGO CHARTER FLIGHTS

We provide services for organizing charter flights to transport any type of cargo, including oversized, dangerous, and valuable goods.

Delivery of goods to/from over 120 countries worldwide and over 150 cities in Russia, including hard-to-reach destinations.

What we transport by charter:

- Aviation and helicopter equipment, aircraft parts
- Cars, auto parts, and special equipment
- Equipment for the oil & gas and geophysical industries
- Medical supplies and equipment
- Food products

VIP CHARTER FLIGHTS

As a business aviation broker, we are ready to organize a VIP charter flight for you with any requirements for comfort, service class, and catering.

A business jet is ideal for those who want to travel comfortably, to any point in the world, confidentially. You set your own schedule and we coordinate and obtain flight permits.

Using business aviation, we organize business trips, leisure travel and flights to attend various events worldwide.

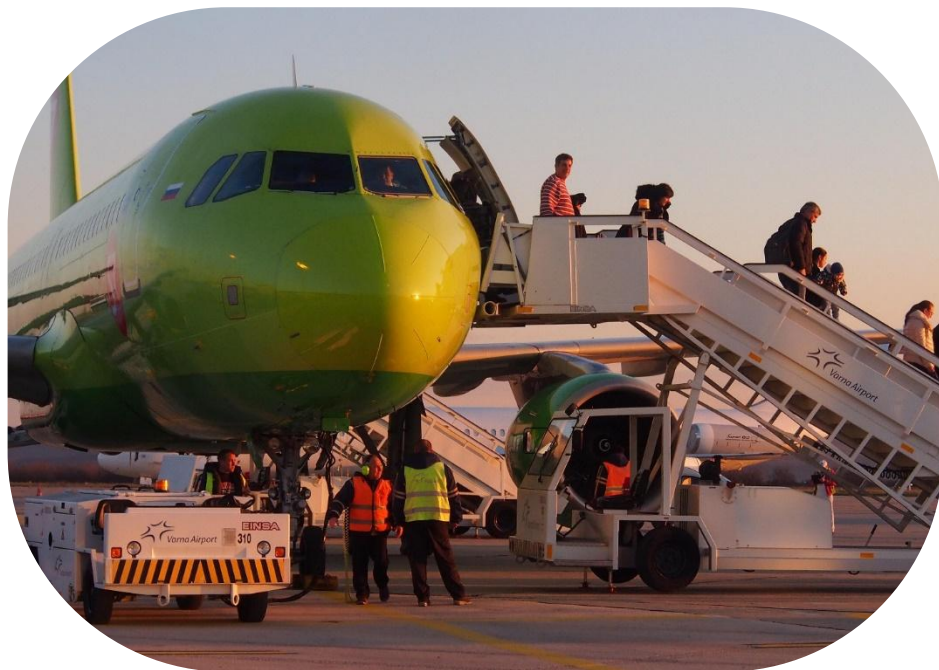

PASSENGER CHARTER FLIGHTS

We provide comprehensive solutions for passenger transportation. If you need to transport a group of people – our team will organize the flight considering all requirements.

We organize for you:

- Corporate charter flights;
- Tours for artists and theaters;
- Trips to conferences, exhibitions, and unique events;
- Transportation of shift workers, ship crews, and sports teams.

FLIGHT SUPPORT

We provide a range of flight support services, both for organizing charter flights and for airline aircraft at various airports worldwide.

We service various flight types:

- Business Aviation
- Diplomatic
- Medical
- Humanitarian
- Commercial, etc.

The service includes route analysis, flight plan, permits along the entire route, pricing information, organization of servicing and refueling, weather briefings, NOTAM, crew briefing.

Our professional dispatch team provides full support to pilots and support groups 24/7/365.
